

## Press kit: Schären candle holder

### Product

**Name:** Schären

**Category:** candle holder

**Material:** porcelain

**Design:** Peter Otto Vosding

**Year:** 2020

Looking for producer

### Description:

Round and **soft shapes** occur in nature everywhere from the coast to the woods. And they lead to a beautiful series of candle holders consisting of **two matching pieces**: a simple, single „stone“ and the other one, where three „stones“ are merged to simulate the **clusters of stones** in nature. Arranged on a table, a group of these candle holders seems to **float on the tabletop** like the famous **Stockholm archipelago (Schären Garten)** does.
