

Press kit: Kölsche Chandelier

Product

Name: Kölsche Chandelier

Category: chandelier / Kölschkranz

Material: aluminum / brass, electronics

Design: Peter Otto Vosding

Year: 2026

Client: exhibition project „11 Kränze“

Description:

"Kölsche Chandelier" is part of "11 Kränze" exhibition at Design Post in Cologne during idd / Orgatec 2026.

In Cologne, eleven is more than a number. So it came as no surprise when our friends at Kosmoform invited ten Cologne-based design studios to join them in an exhibition under one theme: "A traditional Cologne beer carrier newly interpreted by 11 design studios."

The Kölschkranz comes in many formats and materials, but the principle is always the same: a ring of glasses around a central handle, carried by the waiter's hand. We read this as a pendant luminaire, and from there it was a short step to the chandelier. The result is a slightly luxurious object that still works as a fully functional beer carrier.

We developed two versions: a chandelier as a large, two-level object with 16 lamps / glasses, designed to hang and a battery-powered Kölschkranz: dimensioned for actual use at the table, with battery-powered lamps.

The results are on show during Orgatec 2026 at the Design Post Köln.

Opening with talk and Kölsch: Oct. 29th at 5 pm – free entrance

About the studio:

VOSDING Industrial Design is a German design studio based in **Cologne**. The founder Peter Otto Vosding was born in Wiesbaden in 1990. He studied Industrial Design in Darmstadt, Product Design and Process Development in Cologne and went to Ingvar Kamprad Design Centrum (IKDC), Lund University in Sweden for an exchange semester on a scholarship from the IKEA foundation. During his studies he did internships at squareone GmbH in Düsseldorf and at kaschkasch cologne. In 2017 he founded VOSDING Industrial Design and was selected as **German Design Award Newcomer Finalist**.

The studio now works for international clients in the fields of **furniture, lighting and consumer products**.
